Canberra Highlights VIP at 10:00.

Canberra is Australia's 'Culture Capital' and internationally recognised for its highly symbolic and democratic design, beautiful setting and extraordinary offerings. Canberra is the embodiment of the nation's vibrant arts and culture scene. The city is just over 100 years old and this relative youth provides a unique energy and perspective.

Today's visit explores the political and cultural side of Australia. This itinerary offers aspirational cultural experiences that allow visitors to discover; experience and understand the Australian story at three landmark cultural attractions; the National Museum of Australia; National Gallery of Australia and the Australian War Memorial.

The National Museum of Australia is one of the nation's leading cultural institutions. It is a social history museum with a mission to explore the land, nation and people of Australia. The Museum's focus is on Indigenous histories and cultures, histories of European settlement and our interaction with the environment.

Upon arrival, at The National Gallery of Australia, guests will be Welcomed onto Country by local elders and invited to lunch. Lunch will be served on a long table beneath Antony Gormley's life sized maquette for Angel of the North and the Golden Wattle trees, Australia's national flower, will be in bloom.

The National Gallery of Australia is a vault to the visual culture and spirit of Australia where visitors find inspiration, education and a space to connect with art, history and each other. Home to the most significant art collection in Australia, the National Gallery of Australia presents more than 170,000 iconic and highly celebrated works of art spanning Australian art, Aboriginal and Torres Strait Islander art, Asian art, and European and American art. The Gallery also holds the most comprehensive collections of post-war American art outside of the United States, including principal international destination painting Jackson Pollock's Blue Poles 1952.

The Australian War Memorial is a sacred place. Our next stop discovers a shrine, an archive and a museum, as it forms the core of the nation's tribute to the service and sacrifice of the more than 102,000 Australian men and women who died serving their country, and to all those who served overseas and at home. Situated at the opposite end of Anzac Parade from the parliament, the Memorial is a reminder of our political, economic and religious freedoms.
